IN THE MATTER OF

DALE WAGNER
BADLANDS CUSTOM HARVESTING

CASE NO.: 90-TLC-14

This matter was docketed on March 1, 1990. Petitioner, Badlands Custom Harvesting, is appealing a denial of a H-2A temporary labor certification.

On March 12, 1990, Petitioner's representative, Tim Wagner, telephoned this office seeking a five day stay. In support of this motion, Mr. Wagner asserted that Respondent, the Department of Labor, requested such a stay and that he had no objection to a stay. Respondent's counsel confirmed a stay was desired. Accordingly, both parties were informed over the telephone that Petitioner's motion for a five day stay was GRANTED, given the parties' agreement on the matter.
